7 MAX crash

It is supposed to have happened with Lion Air 737MAX.

Capt Mohan Ranganathan, an air safety expert said, "Currently, nowhere in the Boeing flight crew operations manual or the flight crew training manual or the non-normal check-list are these failures listed. The first document that spoke out this issue was the November 6 Boeing bulletin after the Lion Air crash. The pilots have not done any training for this manoeuvre because the DGCA has permitted them to do training on B737NG simulators which are not programmed for this manoeuvre."

A Boeing spokesperson said, "We are taking every measure to fully understand all aspects of this incident, working closely with the investigating team and all regulatory authorities involved. We are confident in the safety of the 737 MAX. Safety remains our top priority and is a core value for everyone at Boeing." India currently has six Boeing 737 MAX, five with Jet Airways and one with Spice Jet.

Doctors there directed the class IV employee — who is seen in a khaki uniform — to catch Joginder's bleeding wound and dress it. "My friend who had accompanied me to the hospital, shot a video of the peon stitching my injury and shared it on social media to expose the reality of government hospitals here," said Joginder.

Sources said there is no urgency of doctors at the hospital, but they tend to treat emergency patients casually unless it is a special case.

Rohtak chief medical officer Dr Anil Kumar Birla confirmed authenticity of the video. "I have ordered an investigation to probe into the matter. Those guilty of

Name change: Centre refuses nod to 'Bangla', suggests 'Paschimbanga'

Saibal.Gupta@timesgroup.com

Kolkata: The Centre has returned the state's proposal to rename itself as 'Bangla' suggesting instead the name 'Paschimbanga', which is favoured by the state unit of BJP. The MEA has objected to the name citing its similarity with Bangladesh. The Mamata Banerjee government had proposed the renaming thrice — 2011, 2016 and 2018.

The first proposal, ironically, to change the name to 'Paschimbanga' was turned down by the UPA-2 government. No reason was given for it, sources claimed. The 2016 proposal to name 'Bengal' in English, 'Bangla' in Bengali and 'Banga'

in Hindi was turned down by the NDA government citing the complexity of three different names.

The NDA had suggested the name Bangla, which was accepted by the state, said Partha Chatterjee. Accordingly, the state cabinet proposed Bangla in 2017 and the assembly unanimously passed the name-change resolution in July 2018. "This move thus comes as a surprise," a cabinet minister said. The state BJP welcomed the move. "The name Bangla obliterated the history of partition. Paschimbanga is integral to Shyama Prasad Mukherjee's work and ideals," state BJP president Dilip Ghosh said.
